A convocation ceremony is a formal occasion...and is very close to the heart of every graduate as it is their hard-earned qualification... !!

Hence, we try and make the graduation venue look as beautiful as possible so that the pictures they click now..... the memories they create now and cherish later... are colorful and bright!!

The efforts are not only for the stage setup; many other details like the carpets at the entrance, the foyer area , the readiness of venues with mirrors where students and VIPs shall wear their gowns, venues for families to assemble, the placement of the CAN tables for registration of the alumni, the backstage setup where all the certificates are arranged, readiness of campus venues for the guests' visit, ensuring readiness of the lounges and Corporate office etc., are all tasks that are handled simultaneously. To add to their albums, there are some photo-corners also that we create.

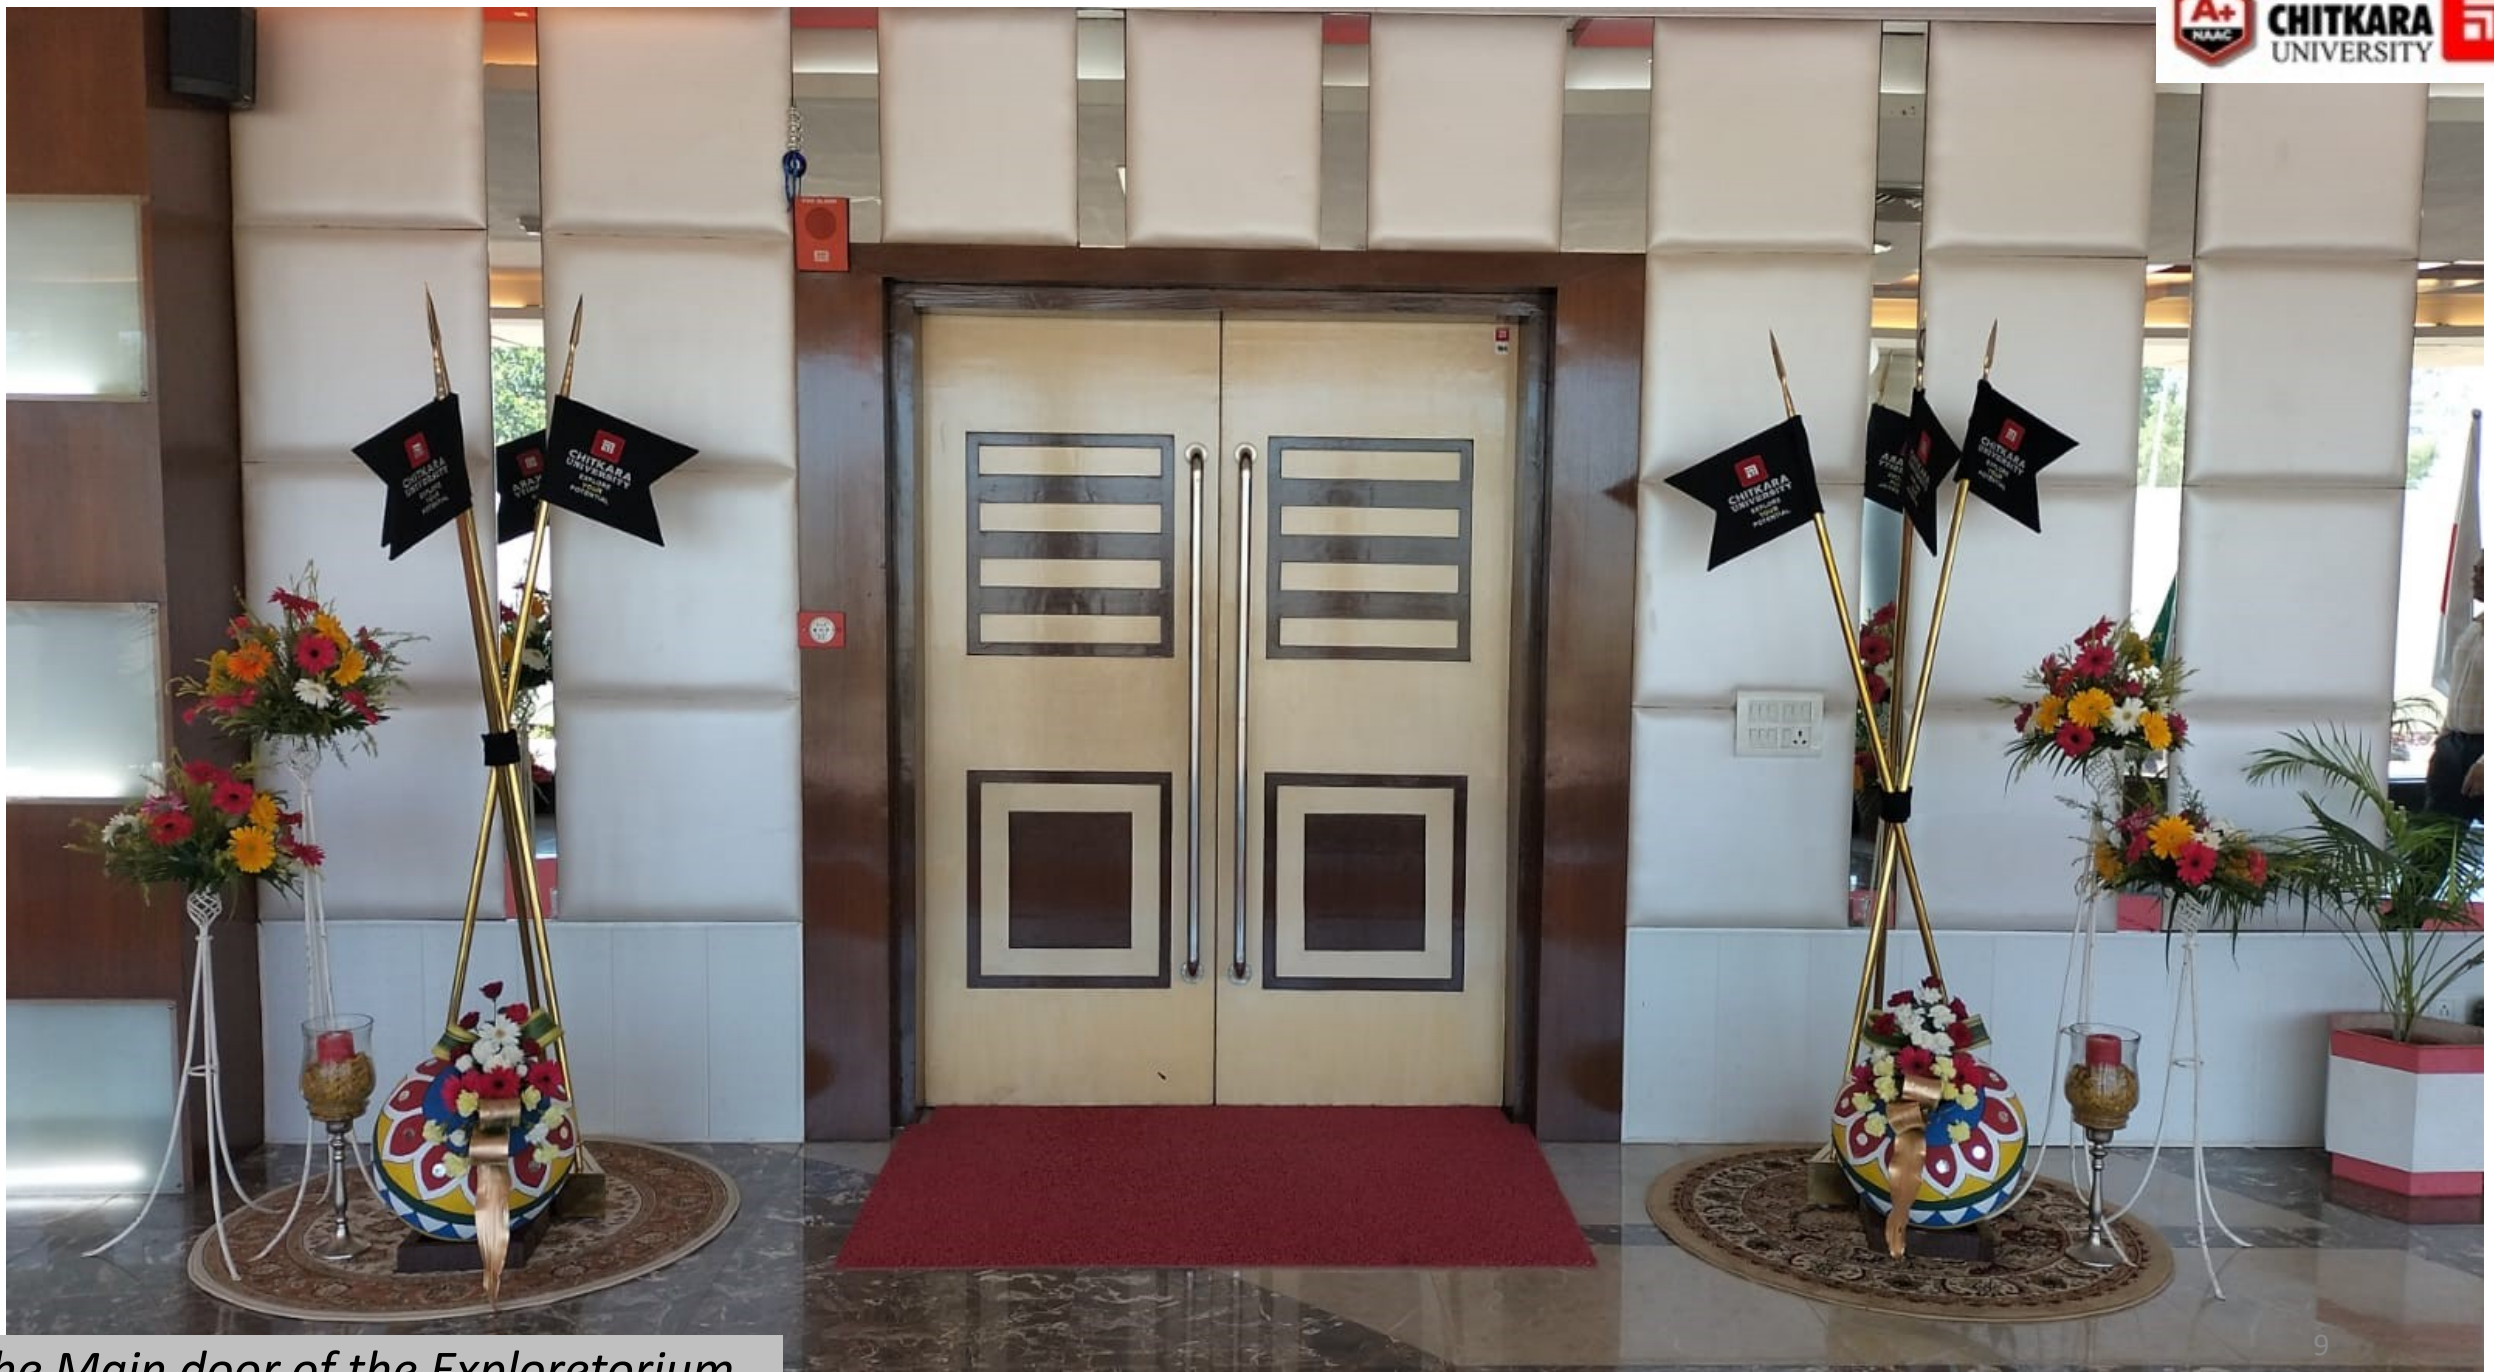

Have a look at the efforts put in by the Team Administration this year.
