

# LOHRI CELEBRATIONS

## 13 JAN 2023

ADMINISTRATIVE ARRANGEMENTS @  
THE BACKEND

*Lohri* is a harvesting festival celebrated in the state of Punjab. It is a tribute to the farmers who work hard in labour to provide us with food and grains.

*Lohri* marks the end of the winter season.

A bonfire is the most important symbol of *Lohri*.... people gather around the sacred bonfire as a homage to the Sun God for bringing in warmth.

At **Chitkara University**, the festival is celebrated with a lot of enthusiasm...

At campus ..Hon'ble Pro Chancellor lighting the bonfire

A fully packed Exploretroium ...  
Where the students enthralled the audience with their absolutely stunning traditional performances....!!!

# HAPPY LOHRI

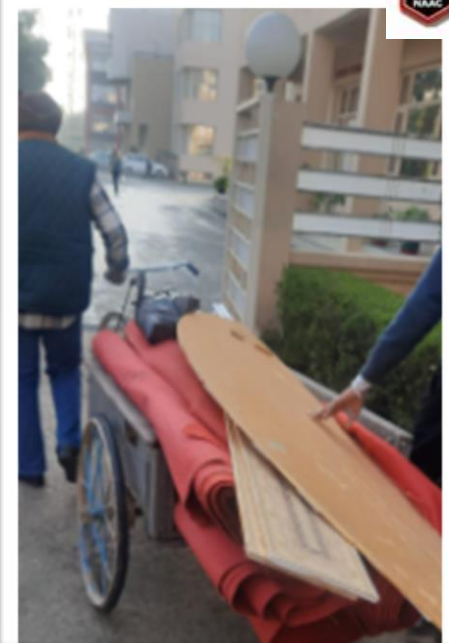

The festival with bonfire...*rewadi... moongfali...gachak and dhol...* was celebrated with all the traditional fervor and flavor..

At the backend, Team Administration, in coordination with other teams decorated the venue and created selfie points.

The Tractor .... The Punjabi corner ..the dining area (at Sportorium) where stalls were set for Punjabi delicacies .....the Stage for the mesmerizing performances.... and the entrance...all were made ready to be in sync with the festival...

We thank Office of Student Affairs and Department of Nursing, for the props and thanks to Teams Maintenance, Team Branding and Team Electrical for the timely coordination and support.

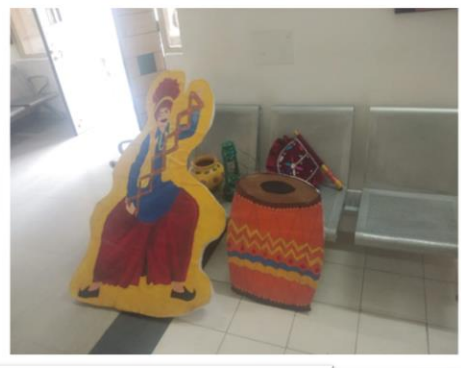

A change in the venue from Alpha Zone to the Sportorium/ Expletorium , owing to the very heavy rains on the previous night, got us on our toes.... It made us to hurry a little but could not dampen the spirits of the festival.... Everyone teamed in with all the **“josh”** required to get the bonfire ready as well as set all venues!!
