The Magnificent Band

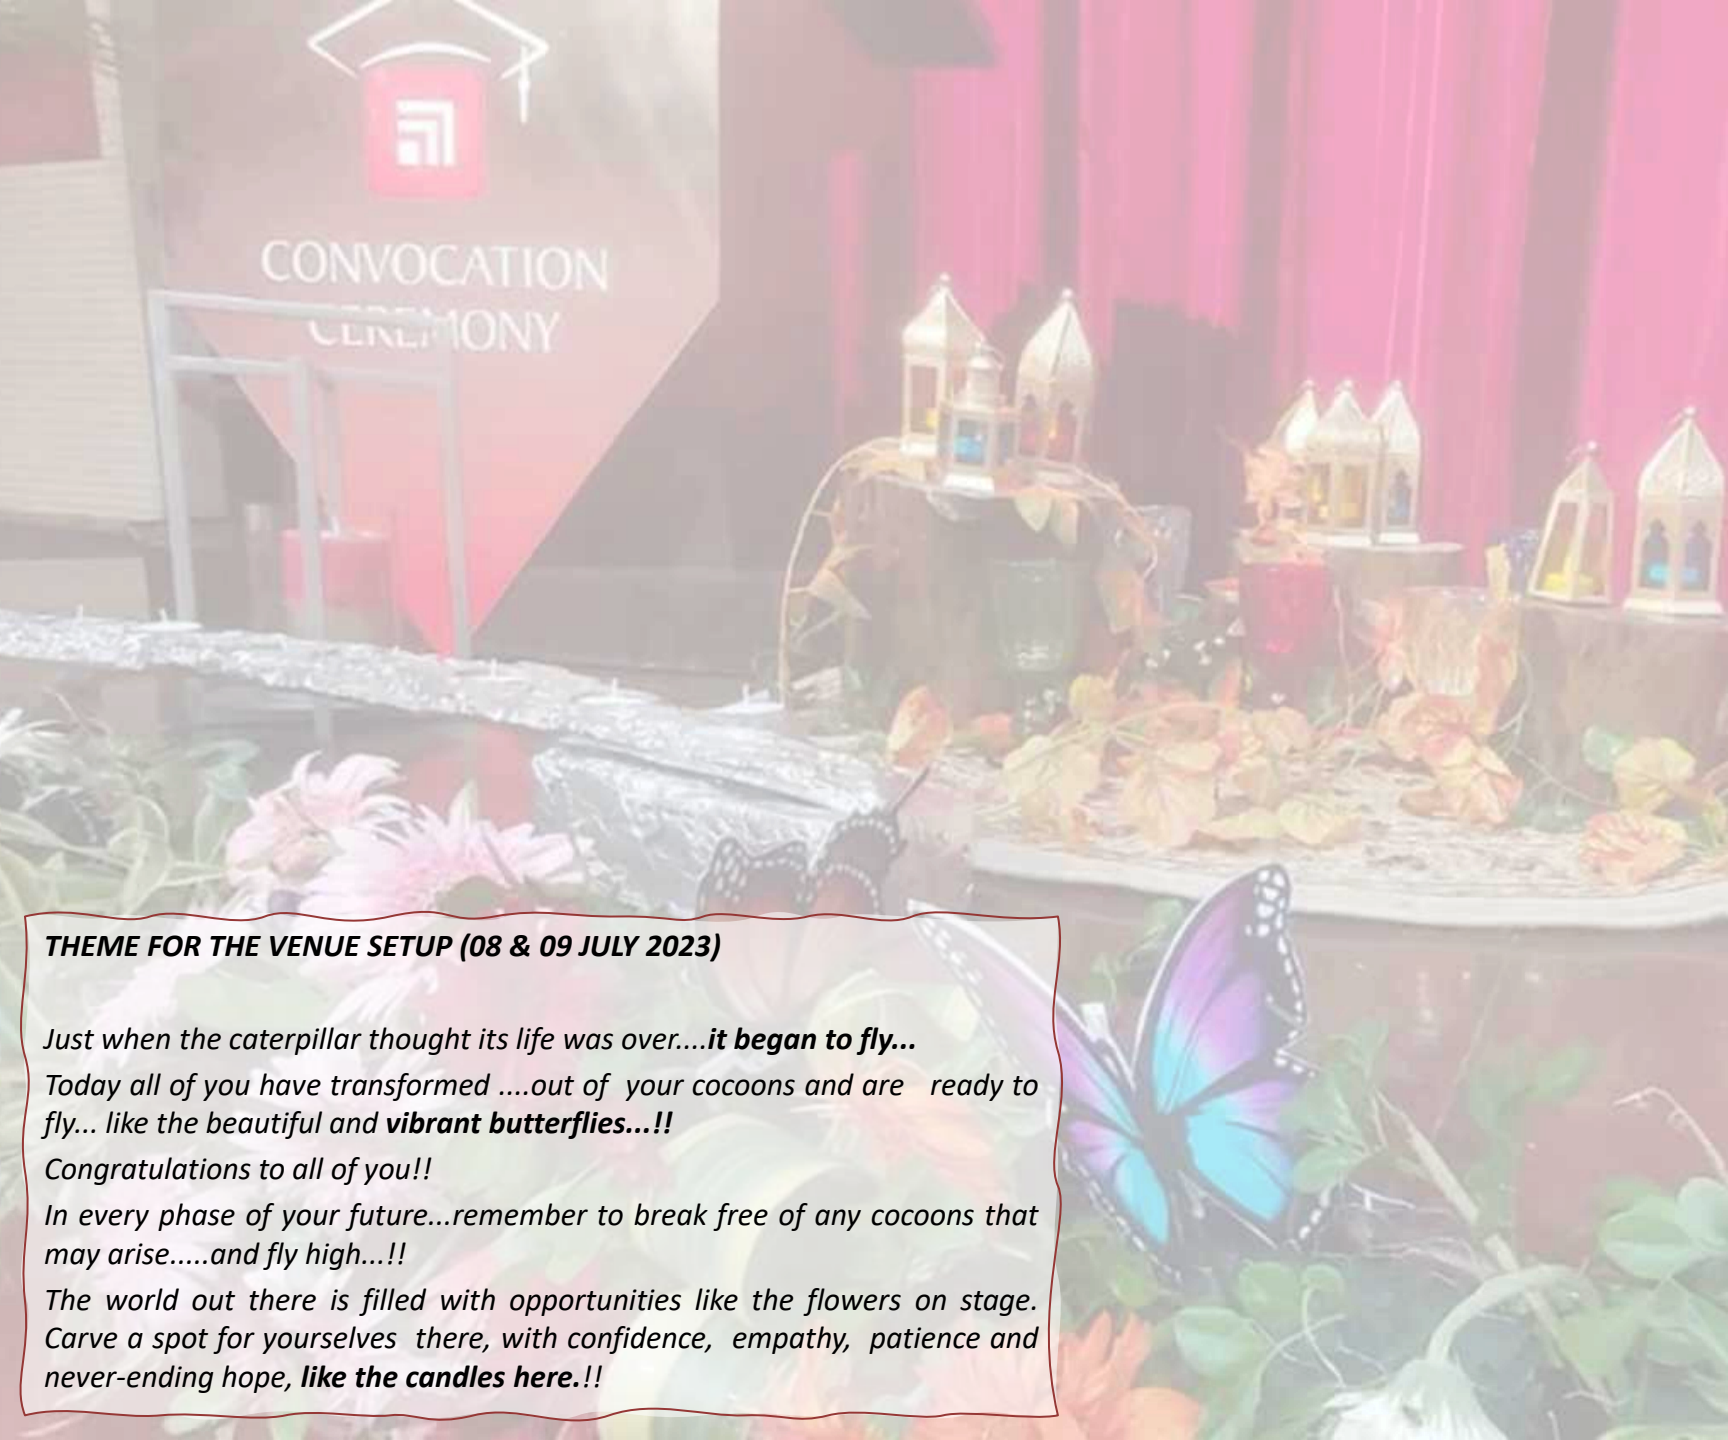

The Amazing Audience

The lighting of lamps, the magnificent band of our CUSMS, the procession that walks down the aisle of the Exploretorium ever-so-grandly, the excited "soon-to-be alumni" graduates and scholars, clad in convocation gowns seated in the hall and the guests & our seniors, adorning majestic gownsthat's the aura of convocation ceremonies.

This year too our campus witnessed grand convocation ceremonies in honoring our graduates and doctorates.

THEME FOR STAGE SETUP (16 SEPTEMBER & 05 OCTOBER 2023)

*"I have loved **the stars** so fondly to be fearful of the night."*

*Being here at this juncture....you have already proved that you are a **star in your field**...and let nothing stop you from shining even brighter...!!*

*You are gardens filled with talent and knowledge and opportunities would surely come your way....like **butterflies come to gardens of flowers**....*

Never forget to continue to shine like the stars that you are and to always blossom like the flowers here and we wish more and more opportunities your way !!!

Be it the main stage, the lobby area of Exploretorium where the selfie points are placed and from where the Academic procession moves into the Exploretorium, the classrooms where the gowns are distributed to the graduates and scholars, or the backstage where all the degree certificates are laid for smooth distribution...., there is an enormous amount of coordination and effort that flows in, for ensuring the smoothness, as well as the majestic essence of the ceremonies.

Hence, we have included some pictures of the back-end activities also..!!
