THE CREATIONS & CREATORS... !!!

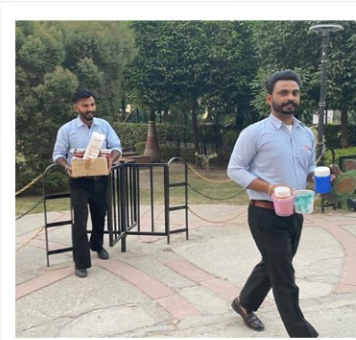

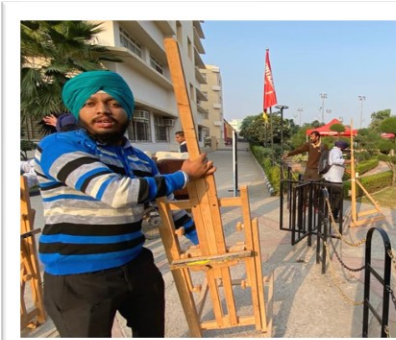

BACK STAGE WARRIORS ENSURING VENUE READINESS...

All set to leave for the day....but after shifting of the furniture, paintings etc. to indoors

- The consortium was for a week - 31 October to 04 November.
- Readiness of the venue for all days where the setup was ensured, and support during the day provided.
- Further, the paintings had to be shifted back indoors daily, and then reset in the morning.
- The manpower and venue readiness support was provided by Team Administration.
- It was a treat to watch the artists totally immersed in their work, as they created spectacular pieces of art !!!
