

WOMEN'S DAY CELEBRATIONS

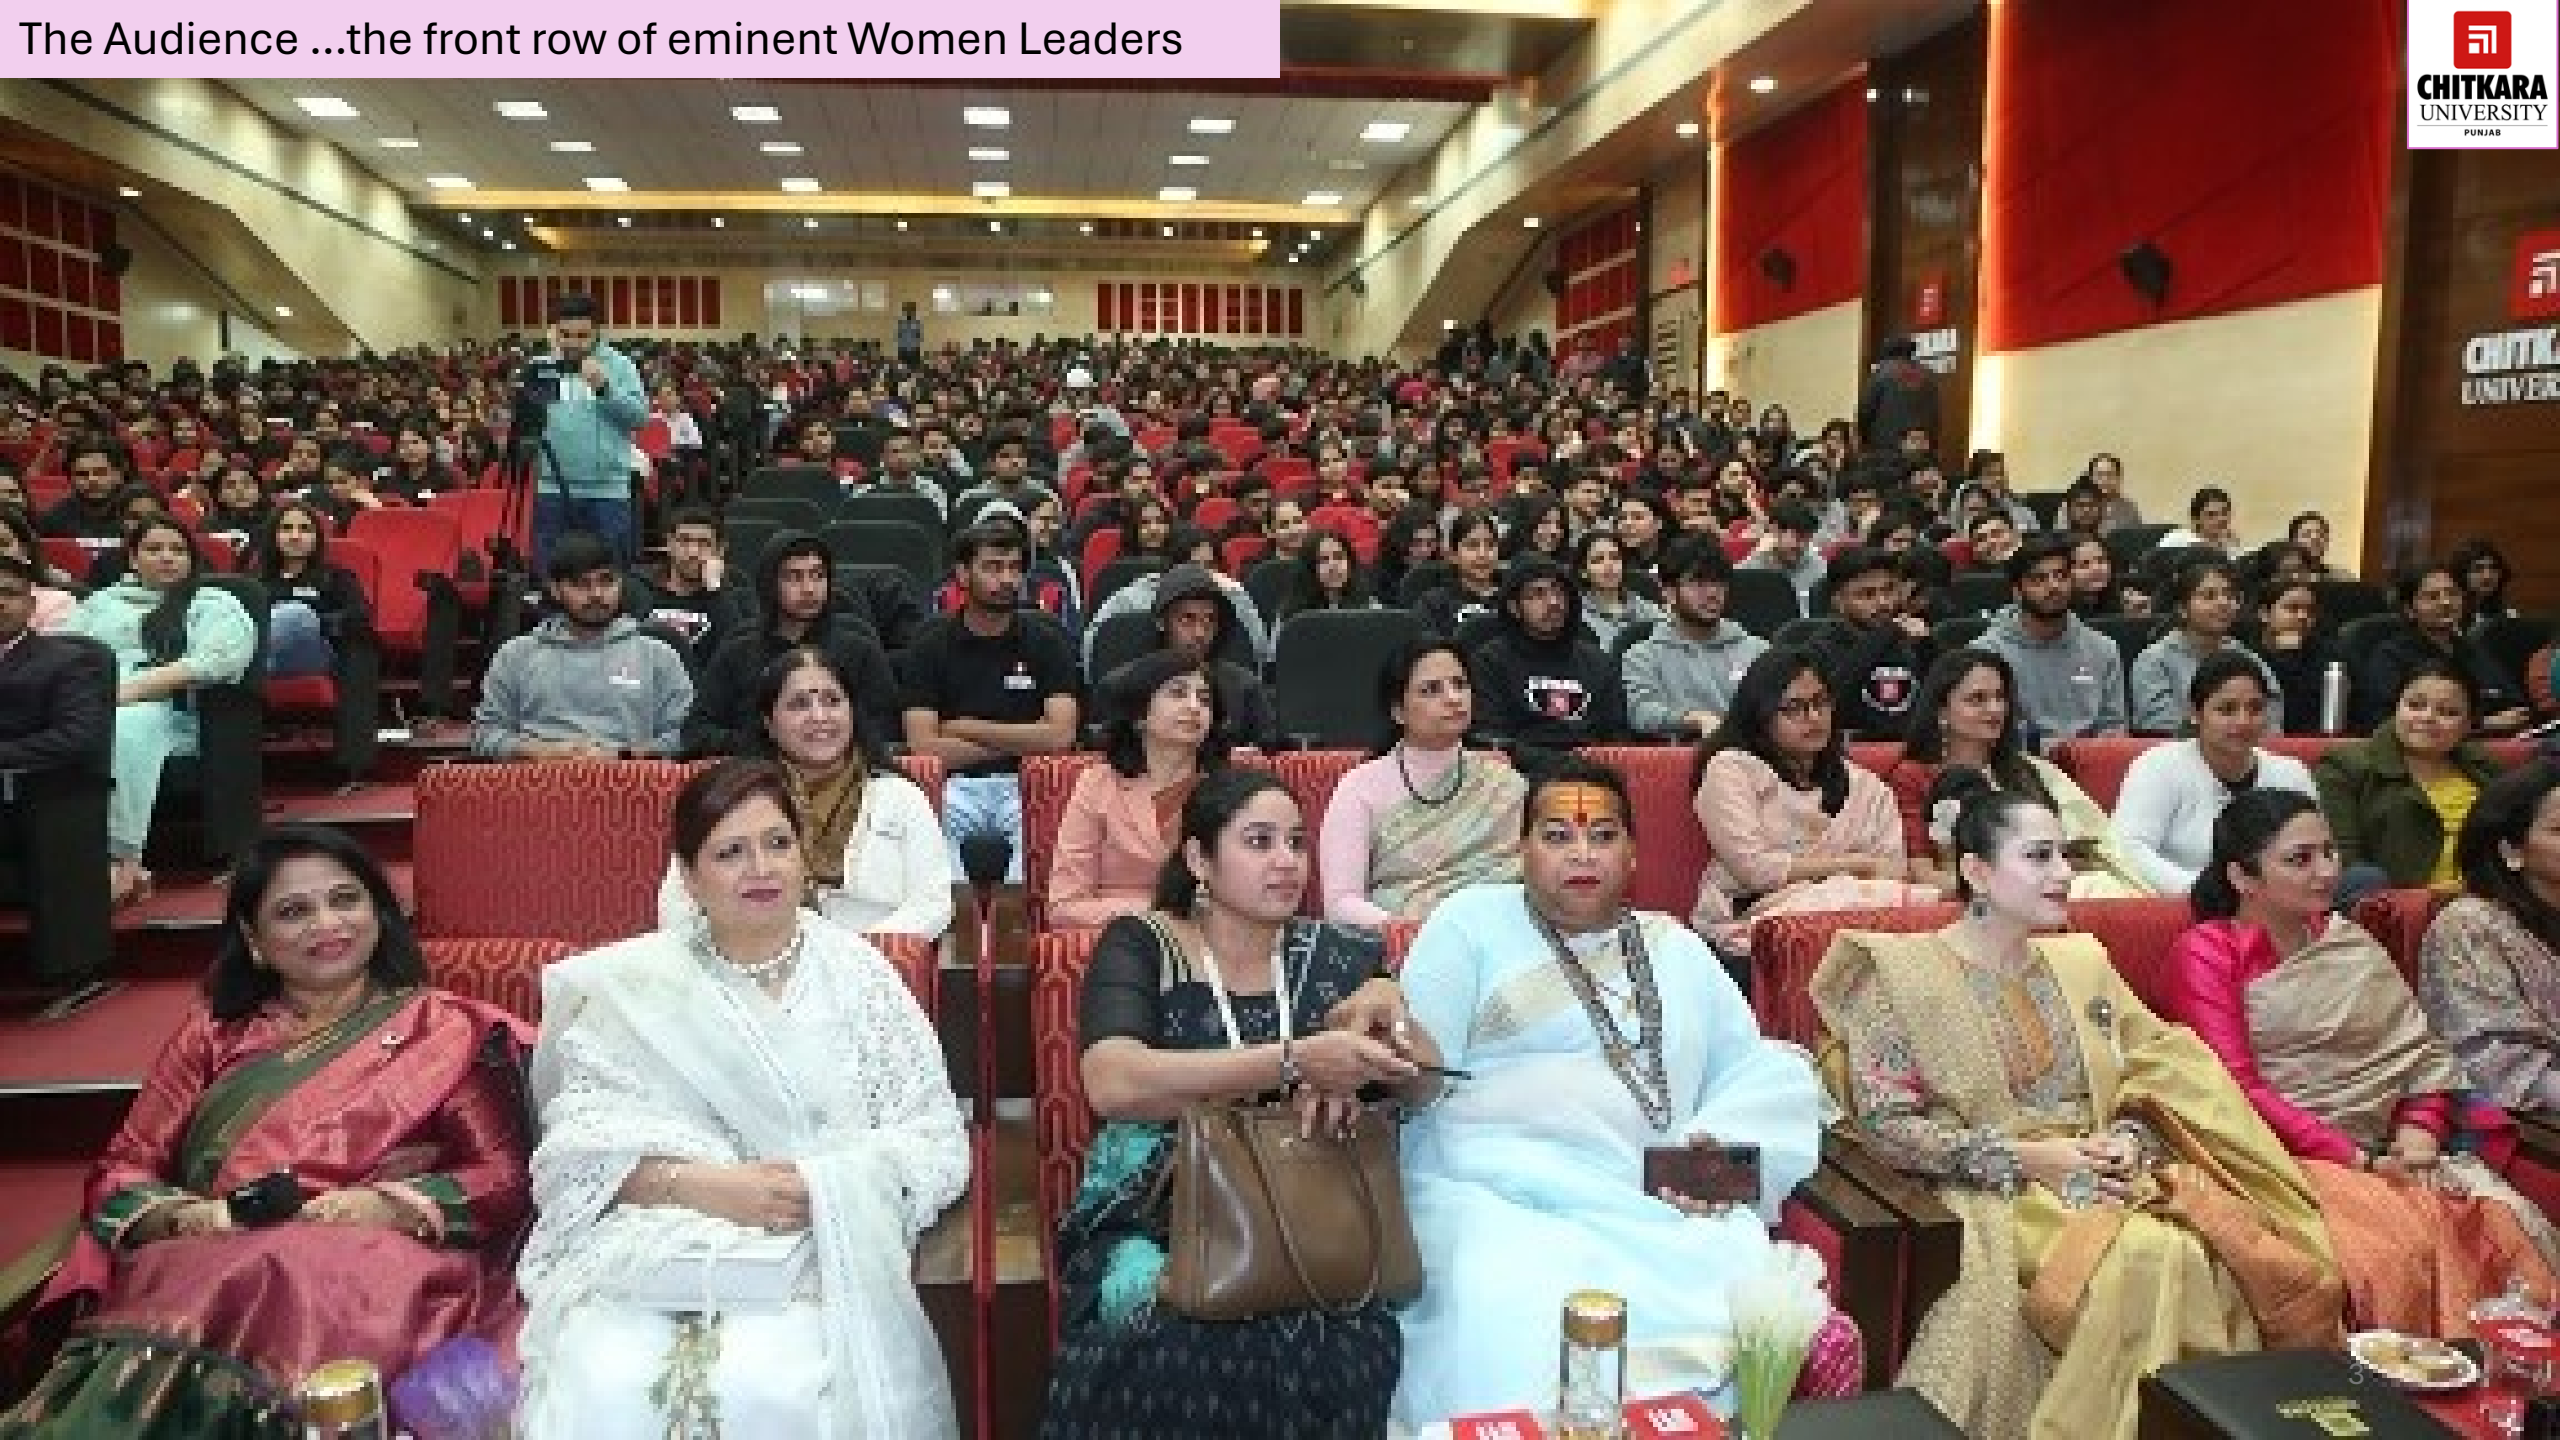

MARCH 2024

- The theme for 2024 is “Invest in women; Accelerate progress”. This global occasion, dedicated to celebrating the social, economic, cultural, and political achievements of women, is symbolized by three distinct colors: Purple, Green, and White. Purple holds a significant role in women's marches and feminist movements worldwide.
- This year, at CHITKARA UNIVERSITY, Punjab, the celebrations were double.... One at the Carnegie Hall and one at the Exploretorium!!
- Have a feast on the glimpses of both the events.
- As the theme is purple, white and green we included all the colors in the décor for the entrance as well as for the stage-art at the Exploretorium, with a dominance of purple color.
- At Carnegie Hall, to synchronize with the venue, theme color adopted was red.
