

# REPUBLIC DAY CELEBRATIONS

JANUARY 2024

The theme this year was

'भारत - लोकतंत्र की मातृका (जननी) / Bharat - The Mother of Democracy .

*A national celebration !The spirits were high! Readiness had to be ensured for the parade , the plantation drive, and for the celebrations at the Exploretorium. Readiness was also required for the venue for lunch—the Square One.. All of it was taken care of, by the Office of Administration.*

*The parade path was decorated with red carpets and barricades providing a border to the carpet. The Main entrance of the Exploretorium was adorned with decorations in tri-color. The students of “Reflections Club” were part of the decoration of the Main Stage of the Exploretorium as well as the Foyer Area. Other teams that worked towards the same included Office of Architecture & Design, Maintenance Department, Electrical Department and Office of Communication. For the VIP plantation Office of Administration provided the decoration support to the Department of Horticulture.*

*While the NCC cadets, cadets from the CUSMS , Security staff and NSS Volunteers gave a spectacular display of co-ordination and josh in the march past , the performance by students of OSA mesmerized the audience. Office of Administration enjoyed all the events and participated in the plantation drive too!!*

***Proud to be an Indian.....Proud to be a Chitkarian.....JAI HIND!!!***

Readiness of the March path and Flag Stand outside Sportorium

# BHARAT

"MOTHER OF DEMOCRACY"  
HAPPY REPUBLIC DAY

**TEAM ADMINISTRATION WITH HON'BLE PRO CHANCELLOR**

*On very important days like this, we from Office of Administration, celebrate by first sharing the tasks as a team, and then by enjoying every bit of the event. Before the tasks are designated to each of us, the theme is finalized, and the venue decorated accordingly. Material for decoration is brought to the site well in advance so that we waste no time.*

*This time too for the Republic Day Celebrations 2024, our teams came early and started off with their designated tasks ...some were part of the carpet laying, while some for the flag, some for the stage, some for the plantation drive area setup, and some for the foyer. Everyone knew their task, and everyone worked with the spirit of “do the best”.*

*Then, when the work was done, it was time to enjoy the synchronized March Past, the events on stage as the students performed, and the lunch prepared !!*

*Well, after all left, we had the task of setting back all the material too... and we did it, as best as we have always done!*

**TEAM ADMINISTRATION**
