About the session :

The Office of administration organised awareness session on sustainable waste disposal & need of cleanliness. The session began with an introductory talk by Mr. Gurjeet Singh who highlighted the detrimental effects of improper waste disposal on both the environment and public health. He pointed out the role of each individual in combating these issues and outlined how simple changes in waste management and cleanliness habits can lead to significant improvements.

The need for cleanliness was also discussed extensively, with the speaker detailing how unclean environments are breeding grounds for diseases and pose significant health risks.

Outcomes

1. Attendees expressed a willingness to contribute to keeping their surroundings clean, recognizing it as a shared duty.
2. A commitment by several attendees to adopt the 3 R'S approach in their households and communities.

Conclusion

1. In conclusion, the awareness session successfully fulfilled its purpose of educating participants on sustainable waste disposal and cleanliness. The discussions and responses from attendees indicated a positive shift in attitudes toward waste management
