

# **MEDICAL CHECKUP FOR TODDLERS AT DEW DROPS**

20 March 2025

For the toddlers at our campus creche – Dew Drops, a medical checkup is conducted regularly (quarterly) by the Office of Administration. This is done with the support from Department of Nursing, CSHS.

The checkup for this quarter was done on 20 March 2025. The parents of the toddlers are also requested to be present and an interaction with the Nursing faculty is made possible for health-related suggestions/ guidance.
